

CIRCLINGSUMMIT

September 4-7th, 2014, The Integral Center, Boulder Colorado

*The greatest minds, hearts, and souls in Circling
come together to play, love, and explore the state of the art.*

From the earliest formal coursework in Circling with the Arete Experience in the San Francisco Bay Area in 1999 to the Men's Circle on the beach, The Authentic Man Program, The Authentic Woman Experience, and Aletheia at The Integral Center in 2011, the community of Circling, Authentic Relating, and Authentic Relating Games has grown worldwide with events as far and wide as New York, D.C., Malibu, Oslo, Phenom Penh, Phoenix, Toronto, Austin, Portland, LA, and more. 2014 to date has seen more Circling-based deep-dive weekend experiential intensives worldwide than there have been weekends! We stand together near the beginning of a worldwide flourishing of our community of practice. Please join us at The Integral Center for the first gathering of these tribes at the first ever global Circling Summit.

It's our desire at The Integral Center for this Summit to be a co-creation with the facilitators, practitioners, and course leaders regardless of any current organizational affiliation. In service of that we wish to receive your proposals. Here are the themes of the things we're looking for—

- Play, connection, celebration, and community fun.
- Circling and related facilitated experiential practices.
- Presentations and panels on the theory, practice, history, or critique.

The Integral Center is about 14k square feet in size, including several large multi-purpose rooms, and several small rooms for more intimate break-out style experiences. We imagine having a wide variety of things, for example keynote-style talks, a discussion panel, games, novel applications of Circling—either extensions, variations, or the incorporation of Circling into other modalities like coaching, seminars, therapy, bodywork, or energy work.

Please share your ideas and requests with us, and consider if you would like to collaborate in creating what we believe will be an amazing experience, the first of it's kind. We welcome your contributions!

Send any ideas or program requests to porcelli@integralcenter.org. If you're wanting to contribute a segment, please include the following information:

- Your name
- Your bio in brief
- A title for your segment
- An intended outcome for participants in your segment
- A brief description of your segment, including a description of the relation to Circling
- An approximate ideal number of participants for your segment (for room size fit)
- A short outline of your segment, including format, i.e. presentation, circle, games, etc.

Proposals for segments must be received by June 30th, 2014.
